COMPOUNDS FOR EXTREME CONDITIONS

Applies like honey, works like a bee

EXTENDING EQUIPMENT LIFE

Extreme temperatures, high humidity, arctic blasts or searing heat call for superior performance.

BESTOLIFE[®] premium compounds are lab-tested and field-proven for drilling, production & industrial purposes and with a wide range of lubricants and compounds, can help extend equipment life and improve efficiencies, even in the most demanding and extreme environments.

TRIED, TESTED, TRUSTED

Tried and tested, BESTOLIFE[®] has a long history of innovation and creation of solutions to withstand extreme conditions. Leaders in the market for Drilling, Production, Industrial and Water Well compound applications, BESTOLIFE[®] manufacture products to the strictest quality and performance standards to meet or exceed industry standards and customer needs.

NON-METALLIC THREAD COMPOUNDS

3010® ULTRA

- For rotary-shouldered connections
- Effective for jack-up systems
- Non-metallic for environmental concerns
- Excels in low & high temperatures & wet conditions
- Prevents galling & seizing on non-magnetic surfaces
- Forms a gasket-like seal in rotary connections equivalent to heavy metal based compounds
- Innovative combination of materials

3010® NM SPECIAL

- For rotary-shouldered connections in any drilling location
- Suitable for all drill-string connections (drill pipe / tool joints / drill collars) & metal-to-metal seal casing & tubing connections
- Designed for use in ecologically sensitive environments
- Excellent extreme temperature performance
- Superior downhole galling resistance
- Enhanced eco-toxicological properties
- Easily applied to cold, wet connections

LEADING DISTRIBUTORS

DistributionNOW (DNOW), is one of the largest global suppliers to the oil and gas and industrial markets around the world. We stock and distribute a comprehensive range of energy & industrial products in addition to stock of BESTOLIFE® products in our depots in the UK, Netherlands and Norway, with access to inventory in our many locations around the world.

- Lubricants
- Chemicals
- Paints & coatings
- Surface preparation
- Welding consumables
- Spill containment
- Hazardous area lighting & cable solutions
- Total Valve Solutions (TVS)
- OEM
- Safety, workwear & PPE

To find out more information on the BESTOLIFE® range of premium compounds or our diverse product portfolio, contact DistributionNOW.
